

distinct

When there are several similar, but different objects.

slightly

You can barely tell that something happened.

infinite

When there is so much of something that it cannot be measured.

expansive

Covers a very large area.

rotate

Spins like a top.

steady

Always looks the same and does not change.

reflect

Light bounces off of a surface instead of shining through it.

surface

The top part of something.

evidence

Proof that something has happened.

appear

The way something looks or seems to be.
